

BFGoodrich Field Control Tire

**ENGINEERED TO OFFER EXCELLENT LONGEVITY, RELIABILITY
AND TRACTION FOR DEMANDING AGRICULTURAL ENVIRONMENTS.**

BFGoodrich Field Control Tire

TRACTOR TIRES FROM A BRAND YOU CAN TRUST

The same high quality BFGoodrich truck tires you have come to know, and love are now available for your tractor. BFGoodrich Field Control Agriculture Tires are engineered to offer excellent longevity, reliability and traction optimization, making them an ideal choice for demanding agricultural environments.

- Seven tire sizes available beginning March 2026.
- These items will be produced and available on an ongoing basis.

TRACTION OPTIMIZATION

Designed with a tread pattern to maximize the soil contact area.

LONGEVITY & RELIABILITY

Robust casing design coupled with superior stubble resistance.
